

APPENDIX G

Appendix G

Sewer Construction Acceptance Letter

Page 1 of 1

Date

Developer
Street Address
City, State Zip Code

Dear Developer:

This letter will serve as notice that the sanitary sewer as built by Contractor in the development known as Name, Land Lot # of the #th District, Locust Grove, Georgia, meets all specifications and sewer construction methods of City of Locust Grove.

Upon request for a final inspection, the said sanitary sewer will be accepted by the Authority for maintenance after paving of the streets and all manholes are set to finished grade of the street and free of debris. No sewage shall be permitted in said lines until a final letter of acceptance is obtained from this office. Please complete and return the appropriate attached forms for the owner's affidavit, the easement form, the contractor's affidavit, and the project value before requesting the final inspection.

Until the Authority gives the final letter, the developer will be responsible for any type of maintenance to the sanitary sewer system.

Sincerely,

LGWSD Manager

LGWSD Inspector

Appendix G

Water Construction Acceptance Letter

Date

Developer
Street Address
City, State Zip Code

Dear Developer:

This letter will serve as notice that the water system as built by Contractor, in the subdivision known as Name, Land Lot # of the #th District, Locust Grove, Georgia, meets all specifications and water construction methods of City of Locust Grove.

Upon request for a final inspection, the said water distribution system will be accepted by the Authority for maintenance after paving of the streets and all valves and hydrants are set to finished grade of the street or shoulder. No water meter will be installed until a letter of final acceptance is obtained from this office.

Until the Authority gives the final letter, the developer will be responsible for any type of maintenance to the water distribution system.

Sincerely,

LGWSD Manager

LGWSD Inspector
