

City of Locust Grove
PO Box 900, Locust Grove, Georgia 30248

***STANDARD SPECIFICATIONS
FOR
WATER DISTRIBUTION SYSTEMS
AND
SANITARY SEWER SYSTEMS***

***2nd Edition
February 16, 2006***

Water and Wastewater Department
Office: (770) 957-5043
Fax: (770) 954-1223

TABLE OF CONTENTS

DIVISION I	POLICIES AND PROCEDURES	
SECTION 1	SCOPE AND INTENT	I-1.1
1.01	Purpose.....	I-1.1
1.02	Delegation.....	I-1.1
1.03	Variance.....	I-1.2
1.04	Amendments to the Specifications.....	I-1.2
SECTION 2	DEFINITIONS	I-2.1
SECTION 3	DESIGN APPROVAL	I-3.1
3.01	General.....	I-3.1
3.02	Technical Review.....	I-3.1
3.03	Plan Processing.....	I-3.2
3.04	Approval by Regulatory Agencies.....	I-3.3
3.05	Period of Plan Approval.....	I-3.4
SECTION 4	EASEMENTS AND DEEDED PROPERTY	I-4.1
4.01	General.....	I-4.1
4.02	On-Site Easement.....	I-4.1
4.03	Off-Site Easement.....	I-4.2
4.04	Easement Size.....	I-4.2
4.05	Deeded Property.....	I-4.2
SECTION 5	INSTALLATION	I-5.1
5.01	General.....	I-5.1
5.02	Utility Contractor.....	I-5.1
5.03	LGWSD Installation.....	I-5.1
5.04	Insurance Requirements.....	I-5.2
5.05	Inspection.....	I-5.2
5.06	Testing.....	I-5.3
SECTION 6	CONNECTING TO LGWSD SYSTEMS	I-6.1
6.01	General.....	I-6.1
6.02	Connection to Existing Systems.....	I-6.1
SECTION 7	SYSTEM ACCEPTANCE	I-7.1
7.01	General.....	I-7.1
7.02	Final Inspection.....	I-7.1
7.03	Warranty.....	I-7.1
7.04	Final Acceptance.....	I-7.1

TABLE OF CONTENTS

DIVISION II DESIGN REQUIREMENTS

SECTION 1	DESIGN AND PLAN PREPARATION.....	II-1.1
1.01	General.....	II-1.1
1.02	Licensed Professionals.....	II-1.1
1.03	Reference Documents and Standards.....	II-1.2
1.04	Plan Requirements.....	II-1.4
1.05	Modifications to Plans.....	II-1.4
1.06	As-Built Drawings.....	II-1.5
SECTION 2	WATER DISTRIBUTION.....	II-2.1
2.01	General.....	II-2.1
2.02	Design Usage Rates and Hydraulics.....	II-2.1
2.03	Water Line Material and Size.....	II-2.2
2.04	Water Line Location.....	II-2.2
2.05	Fire Hydrant Location and Spacing.....	II-2.3
2.06	Valve Size and Location.....	II-2.4
2.07	Water Line Depth.....	II-2.5
2.08	Thrust Restraint.....	II-2.6
2.09	Water Meters and Backflow Prevention.....	II-2.6
SECTION 3	GRAVITY FLOW SEWERS.....	II-3.1
3.01	General.....	II-3.1
3.02	Design Flow Rates.....	II-3.1
3.03	Hydraulics.....	II-3.2
3.04	Sewer Material and Size.....	II-3.3
3.05	Sewer Location.....	II-3.4
3.06	Sewer Depth and Structural Integrity.....	II-3.5
3.07	Manhole Location and Spacing.....	II-3.6

TABLE OF CONTENTS

DIVISION II DESIGN REQUIREMENTS

SECTION 4	FORCE MAINS.....	II-4.1
4.01	General.....	II-4.1
4.02	Hydraulics.....	II-4.1
4.03	Force Main Material and Size.....	II-4.1
4.04	Force Main Location.....	II-4.1
4.05	Force Main Depth.....	II-4.2
4.06	Thrust Restraint.....	II-4.3
4.07	Combination Air Vacuum/Release Valves.....	II-4.3
SECTION 5	AERIAL PIPE.....	II-5.1
5.01	General.....	II-5.1
5.02	Aerial Pipe Material.....	II-5.1
5.03	Aerial Pipe Support.....	II-5.1
SECTION 6	LIFT STATIONS.....	II-6.1
6.01	General.....	II-6.1
6.02	Lift Station Package.....	II-6.1
6.03	Backup Power System.....	II-6.7
6.04	Telemetry.....	II-6.13
6.05	Wet Well.....	II-6.22
6.06	Equipment Pads.....	II-6.23
6.07	General Electrical Requirements.....	II-6.23
6.08	Property and Site Area.....	II-6.25
6.09	Fence and Landscaping.....	II-6.26

TABLE OF CONTENTS

DIVISION III MATERIAL REQUIREMENTS

SECTION 1	DUCTILE IRON PIPE AND FITTINGS	III-1.1
1.01	Pipe Classification	III-1.1
1.02	Fitting Classification	III-1.1
1.03	Gaskets and Bolted Connections.....	III-1.2
1.04	Coatings and Linings	III-1.3
1.05	Pipe Marking.....	III-1.4
SECTION 2	STEEL PIPES AND FITTINGS.....	III-2.1
2.01	Pipe Classification	III-2.1
2.02	Transition Coupling	III-2.1
2.03	Coatings and Linings	III-2.1
SECTION 3	COPPER PIPES AND FITTINGS	III-3.1
3.01	Pipe Classification	III-3.1
3.02	Fittings	III-3.1
SECTION 4	PVC PIPE	III-4.1
4.01	Casing for Copper Pipe.....	III-4.1
4.02	Sewer Pipe Classification	III-4.1
4.03	Sewer Pipe Fitting Classification.....	III-4.1
SECTION 5	VALVES	III-5.1
5.01	Gate Valve	III-5.1
5.02	Butterfly Valve.....	III-5.3
5.03	Double Check Valve	III-5.5
5.04	Corporation Valve	III-5.6
5.05	Curb Stop.....	III-5.6
5.06	Plug Valve.....	III-5.7
5.07	Combination Air/Vacuum Release Valve	III-5.8
5.08	Valve Box.....	III-5.9
SECTION 6	TAPPING SLEEVES	III-6.1
6.01	Tapping Sleeve.....	III-6.1
6.02	Tapping Saddle	III-6.1

TABLE OF CONTENTS

DIVISION III MATERIAL REQUIREMENTS

SECTION 7	WATER METERS	III-7.1
7.01	Residential and Light Commercial	III-7.1
7.02	Commercial and Industrial	III-7.3
7.03	Fire Service.....	III-7.6
7.04	Fire/Domestic Combination Service.....	III-7.8
7.05	Water Meter Boxes (Residential and Light Commercial)	III-7.8
7.06	Water Meter Vaults (Commercial and Industrial)	III-7.9
7.07	Vault Access Hatches.....	III-7.10
SECTION 8	HYDRANTS	III-8.1
8.01	Fire Hydrant	III-8.1
8.02	Yard Hydrant.....	III-8.2
SECTION 9	MANHOLES AND WET WELLS	III-9.1
9.01	General	III-9.1
9.02	Pre-cast	III-9.1
9.03	Pre-cast "Dog House"	III-9.2
9.04	Brick and Mortar	III-9.2
9.05	Frames and Covers	III-9.3
SECTION 10	CAST - IN - PLACE CONCRETE	III-10.1
10.01	Concrete Design	III-10.1
10.02	Reinforcement	III-10.1
10.03	Formwork.....	III-10.2
10.04	Curing and Sealing Compounds	III-10.2
10.05	Epoxy Bonding Agent	III-10.2
10.06	Acrylic Latex Bonding Agent.....	III-10.3

TABLE OF CONTENTS

6 of 10

DIVISION III MATERIAL REQUIREMENTS

SECTION 11 MASONRY AND GROUT	III-11.1
11.01 Mortar and Grout Materials.....	III-11.1
11.02 Mortar and Grout Proportions.....	III-11.1
11.03 Concrete Masonry Units.....	III-11.2
11.04 Joint Reinforcement.....	III-11.2
SECTION 12 ENVIRONMENTAL COATINGS	III-12.1
12.01 Materials Requiring Coatings.....	III-12.1
12.02 Coating Schedule.....	III-12.1
12.03 Manhole and Wet Well Lining.....	III-12.3
SECTION 13 MISCELLANEOUS MATERIALS	III-13.1
13.01 Stabilization Stone.....	III-13.1
13.02 Detectable Underground Utility Marking Tape.....	III-13.1
13.03 Other Materials.....	III-13.1

TABLE OF CONTENTS

DIVISION IV CONSTRUCTION STANDARDS

SECTION 1	GENERAL	IV-1.1
1.01	Contractor License	IV-1.1
1.02	Utility Notification	IV-1.1
1.03	Work Commencement	IV-1.1
1.04	Miscellaneous Standards	IV-1.2
SECTION 2	MATERIAL DISTRIBUTION	IV-2.1
2.01	General	IV-2.1
2.02	Delivery	IV-2.1
2.03	Handling	IV-2.1
2.04	Storage	IV-2.1
2.05	Maintenance and Protection	IV-2.2
SECTION 3	SITE PREPARATION	IV-3.1
3.01	Clearing and Grubbing	IV-3.1
3.02	Topsoil Stockpiling	IV-3.2
3.03	Removing Pavement	IV-3.2
SECTION 4	EXCAVATION	IV-4.1
4.01	Soil Excavation	IV-4.1
4.02	Rock Excavation	IV-4.1
4.03	Pipe Trench Excavation	IV-4.2
SECTION 5	INSTALLATION	IV-5.1
5.01	Pipe Bedding	IV-5.1
5.02	Pipe, Fitting, Valve and Fire Hydrant Installation	IV-5.1
5.03	Thrust Blocking	IV-5.3
5.04	Manhole and Wet Well Installation	IV-5.3
5.05	Meter Box and Vault Installation	IV-5.5
5.06	Borings and Casings	IV-5.6
5.07	Pipe and Valve Identification	IV-5.8

TABLE OF CONTENTS

DIVISION IV CONSTRUCTION STANDARDS

SECTION 6	BACKFILL AND COMPACTION.....	IV-6.1
6.01	Backfill	IV-6.1
6.02	Compaction	IV-6.1
6.03	Compaction Testing	IV-6.2
SECTION 7	SITE COMPLETION.....	IV-7.1
7.01	Grading	IV-7.1
7.02	Replacing Pavement.....	IV-7.1
SECTION 8	TESTING	IV-8.1
8.01	General	IV-8.1
8.02	Hydrostatic (Water Main and Force Main)	IV-8.1
8.03	Air Pressure (Gravity Flow).....	IV-8.1
8.04	Televising (Gravity Flow)	IV-8.2
8.05	Mandrel (Gravity Flow).....	IV-8.2
8.06	Static Water Level (Wet Well)	IV-8.3
SECTION 9	DISINFECTION	IV-9.1
9.01	General.....	IV-9.1
9.02	Initial Flushing.....	IV-9.2
9.03	Chlorination and Flushing	IV-9.2
9.04	Disinfection Testing	IV-9.3
SECTION 10	CONCRETE.....	IV-10.1
10.01	Formwork.....	IV-10.1
10.02	Steel Reinforcement	IV-10.2
10.03	Placement.....	IV-10.3
10.04	Finishing	IV-10.4
10.05	Curing	IV-10.4
SECTION 11	ENVIRONMENTAL COATINGS.....	IV-11.1

TABLE OF CONTENTS

APPENDICES

Appendix – A:	Georgia EPD Letters Approving Specifications
Appendix – B:	Georgia EPD Letters Delegating Authority
Appendix – C:	Water Distribution/Sanitary Sewer Addition Submittal
Appendix – D:	Technical Review Checklist
Appendix – E:	Inspection Report
Appendix – F:	Testing Forms
Appendix – G:	Construction Acceptance Letters
Appendix – H:	Final Inspection Reports
Appendix – I:	Final Acceptance Letters

LIST OF DETAILS

Detail No. 1.1:	Underground Utilities Locations
Detail No. 2.1:	Long Side Service
Detail No. 2.2:	Pipe Detection
Detail No. 2.3:	Pipe Detection
Detail No. 3.1:	Typical Fire Hydrant
Detail No. 4.1:	Typical Cul-de-sac Fire Hydrant
Detail No. 5.1:	Fire Hydrant in Cul-de-sac
Detail No. 6.1:	Valve Box
Detail No. 7.1:	Pipe Depth at Edge of Pavement
Detail No. 8.1:	Typical Ductile Iron Pipe Bedding
Detail No. 9.1:	Thrust Block Dimensions
Detail No.10.1:	Thrust Restraint at Fitting
Detail No.11.1:	Water Meter Box
Detail No.12.1:	3 Inch Meter Assembly
Detail No.13.1:	3 Inch Meter Assembly Vault and Lid
Detail No.14.1:	Fire Meter
Detail No.15.1:	Fire Meter Vault and Lid
Detail No.16.1:	Combination Meter
Detail No.17.1:	Combination Meter Vault and Lid
Detail No.18.1:	Typical PVC Sewer Pipe Bedding
Detail No.19.1:	Lateral Connection
Detail No.20.1:	Pipe Collar

TABLE OF CONTENTS

10 of 10

- Detail No.21.1: Manhole Sections
- Detail No.22.1: Combination Air or Vacuum Release Valve
- Detail No.23.1: Pier Dimensions and Section
- Detail No.24.1: Lift Station Pumps and Housing
- Detail No.25.1: Lift Station Wet Well
- Detail No.25.3: SCADA Tower
- Detail No.25.5: Electrical Panel Stand
- Detail No.25.7: Lift Station Site
- Detail No.25.8: Lift Station Site Section
- Detail No.26.1: Yard Hydrant
- Detail No.27.1: Chain Link Fence
- Detail No.28.1: Typical Asphalt Replacement
- Detail No.29.1: Typical Asphalt to Curb Replacement
