**Sec. 3-7-157. -PD: planned development district.**

(a) *Purpose.* It is the purpose of the planned development district to encourage the development of compatible land uses within the framework of a master development plan for residential and nonresidential land uses within an environmentally compatible setting. The PD district is designed to be appended to residential, commercial or industrial zoning districts to provide flexibility in the application of development standards and site design when approved according to a master development plan in a manner to promote the conservation of natural environment, more efficient use of land, and efficiency in the extension of streets and utilities.

All planned developments shall be located on roads with a minimum classification of major arterial. Each area within a PD project developed for residential (including open space and recreation), commercial or industrial land use shall be zoned separately according to the appropriate zoning district.

(b) *Objectives.* To carry out the purpose of this section, a PD district must provide the following, as appropriate:

- (1) A range in the types of residential environment including types of housing, types of ownership and community facilities available.
- (2) Nonresidential land uses, if any, which provide convenient service, employment and access and yet which are separated from residential areas by the use of landscaping and natural buffers.
- (3) Conservation of natural topographical and geological features with emphasis upon:
  - a. Conservation of existing surface and sub-surface water resources;
  - b. Preservation of major trees and other significant natural environmental features;
  - c. Prevention of soil erosion.

- (4) An efficient network of streets and utilities appropriate to serve the land uses within the PD district.
- (5) A master development plan to guide the PD with specific development objectives included in restrictive covenants.

(c) *Definitions.* For the purpose of this section, the following terms shall have the meaning immediately set forth after the term.

- (1) *Master development plan.* A written and graphic submission for a planned development which represents a tract of land, proposed subdivision, the location and bulk of buildings and other structures, density of development, public and private streets, parking facilities, common open space, public facilities and all covenants relating to use thereof. The master development plan is submitted in conjunction with a rezoning application for the PD district.
- (2) *Open space.* Land within or related to a development, not individually owned or dedicated for public use, which is designed and intended for the common ownership and use by the residents of the developments and may include complementary structures and improvements as are necessary and appropriate.
- (3) *Residential land uses.* Any variety of residence types as permitted within respective separately zoned areas of the PD, and as shown on the approved master development plan.
- (4) *Nonresidential land uses.* Those designated areas which are not residential land uses, which includes but is not limited to: commercial or industrial zoned land, common open space, private streets, drives, service and parking areas, recreation and other open space areas.
- (5) *Ownership types.* These include all types of residential development including, but not limited to, single-family, duplex, apartments, townhouses, rental, such that ownership may be fee simple, lease purchase, leased or rented, and common ownership of
